**Purpose of Inspection:**  
Routine Inspection while in the area.

**Inspection Summary:**  
This site appears to have been inactive for this season. Disturbance is close to 5 acres. The site is stable (no erosion problems) and is clean of trash and deleterious materials. Public access to this site is controlled with 3 gates on private property and is posted 'no trespassing'.

The operator does not have a reclamation surety for this site.

**Conclusions and Recommendations:**  
Reclamation surety for this site should be based on Division's average cost for a 5-acre site.  
Continue to monitor this site when in the area.

**Inspector's Signature** 4-15/06
